

교육용 자료 안내

본 자료는 Darun Color Institute의 색채 교육 과정을 위해 제공되는 교육용 문서입니다. 학생들이 안전한 재료 취급을 학습하기 위해 사용된 원료의 물리화학적 특성과 안전 정보를 공개합니다.

다만, 이 자료에 포함된 정보는 교육 목적으로만 활용되어야 하며, 상업적 목적의 제품 제조 및 판매는 엄격히 금지됩니다.

화장품 제조업 허가를 취득한 자가 독립적으로 제품을 개발·판매할 경우, 다음을 반드시 준수해야 합니다:

- 신뢰할 수 있는 화장품 원료 전문 제조사로부터 원료를 직접 확보
- 해당 제조사로부터 최신 MSDS 및 시험성적서(CoA, 안정성 시험 등)를 개별 요청
- 식품의약품안전처 규정에 따른 원료 검증 및 제품 신고

이는 소비자 안전과 법적 책임을 보장하기 위한 필수 절차입니다.

Educational Material Notice

This document is provided by Darun Color Institute as an educational resource for our color science training programs. To support student learning in safe material handling practices, we disclose the physical, chemical, and safety characteristics of the raw materials used in our formulations.

However, all information contained in this material is strictly for educational purposes only. Any commercial use for product manufacturing or sales is strictly prohibited.

Should you obtain cosmetic manufacturing authorization and independently develop products for commercial purposes, you must:

- Source raw materials directly from reliable cosmetic ingredient manufacturers
- Request current MSDS and certificates of analysis (CoA) individually from the respective manufacturers
- Verify all raw materials and complete product registration in compliance with Korea Food and Drug Administration (KFDA) regulations

These procedures are mandatory requirements to ensure consumer safety and fulfill legal responsibilities.

Material Safety Data Sheet (MSDS)

1. Chemical Product and Company Identification

Item	Information
Product Name	Educational Foundation Binder
Recommended Use	Skin conditioning agent
Means of Identification	Not available
Relevant identified uses	Not applicable

2. Hazards Identification

Category	Details
GHS Classification	Not applicable - No hazardous classifications
Hazard Statements	Not applicable
Precautionary Statements	General precautions: Handle with care. Follow proper safety procedures when using.

3. Composition/Information on Ingredients

**Composition ratios are provided as approximate ranges for educational purposes*

Substance/mixture : Mixture

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs or vPvBs or have been assigned a workplace exposure limit and hence require reporting in this section.

4. First Aid Measures

Route of Exposure	First Aid Procedure
Eye Contact	Rinse with water for at least 15 minutes. Seek medical attention if irritation persists.
Skin Contact	Wash with soap and water. Rinse with diluted alcohol if necessary. Seek medical attention if irritation persists.
Inhalation	Move to uncontaminated area and rest. Seek medical attention if symptoms occur.
Ingestion	Rinse mouth with water. Induce vomiting if necessary. Seek medical attention immediately.

5. Fire-Fighting Measures

Item	Information
Suitable Extinguishing	Powder extinguishing agent, carbon dioxide may be used. Water is not

Media	effective.
Specific Hazards	Container may explode when heated. Irritating and toxic gases may be generated during combustion.
Special Protective Equipment	Move container away from fire area if safe. Cool containers with water spray even after extinguishing.

6. Accidental Release Measures

Action	Description
Prevention	Remove all ignition sources. Prevent dust formation. Ventilate contaminated area.
Handling Spills	Small spills: Absorb with sand or non-combustible material Large spills: Create barriers to prevent spreading. Use clean shovel to place spillage into clean, dry container.
Environmental Protection	Prevent entry into waterways, sewers, basements, and confined spaces. For powder spills, cover with plastic sheet to prevent diffusion.

7. Handling and Storage

Category	Requirements
Handling	Handle carefully. Follow proper safety procedures. Wash thoroughly after handling. Store in sealed container.
Storage	Store in cool, dry place. Keep container tightly closed. Store away from heat, ignition sources, and incompatible materials.

8. Exposure Controls/Personal Protection

Control Type	Requirement
Engineering Controls	Process isolation and local exhaust ventilation may be used.
Respiratory Protection	Respiratory protector certified by relevant authority if exposure occurs
Eye Protection	Chemical resistant safety glasses and eye protection should be used
Hand Protection	Wear appropriate chemical resistant gloves
Body Protection	Wear appropriate chemical resistant protective clothing
Facilities	Eyewash and emergency shower facilities should be installed near work area

9. Physical and Chemical Properties

Property	Value
Appearance	Cream-like, light brown color
Odor	Slight characteristic odor

Viscosity	50,000-80,000 cps (Brookfield, 4No, 10rpm)
pH (25°C)	Not applicable
Solubility	Insoluble in water
Specific Gravity	0.900-1.000 (at 25°C)

10. Stability and Reactivity

Item	Information
Chemical Stability	Container may explode when heated. Irritating and toxic gases may be generated during combustion.
Conditions to Avoid	Heat, sparks, flames and other ignition sources
Incompatible Materials	Combustible materials, reducing agents. May ignite combustible materials (wood, paper, oil, clothing, etc.)
Hazardous Decomposition	No data available

11. Toxicological Information

Effect	Description
Acute Toxicity	No data available
Skin Irritation	No data available
Eye Irritation	No data available
Respiratory Irritation	No data available
Carcinogenicity	No data available - Not classified
Reproductive Toxicity	No data available
Long-term Exposure Effects	No data available

12. Ecological Information

Category	Information
Fish Toxicity	No data available
Crustacean Toxicity	No data available
Bird Toxicity	No data available
Persistency and Degradability	No data available
Bio-condensability	No data available
Soil Mobility	No data available

13. Disposal Considerations

Item	Information
------	-------------

Disposal Method	Combustible: General incineration Non-combustible: Stabilize or solidify and dispose at landfill facility Dispose of contents and container according to waste management regulations
-----------------	---

14. Transport Information

Item	Information
Classification	No UN hazardous materials classification
UN Number	Not applicable
Proper Shipping Name	Not applicable

15. Regulatory Information

Item	Information
Regulatory Basis	Prepared in accordance with Korean Occupational Safety and Health Act and relevant regulations

16. Other Information

Item	Information
Disclaimer	The information contained in this document is based on accurate data. However, we do not guarantee the accuracy of results or values obtained when this material is used for specific purposes or mixed with other substances. The company assumes no responsibility for any personal loss or property damage to the buyer or third parties resulting from the purchase or use of this product. All risks associated with the use of this material are the responsibility of the buyer or user.
