

교육용 자료 안내

본 자료는 Darun Color Institute의 색채 교육 과정을 위해 제공되는 교육용 문서입니다. 학생들이 안전한 재료 취급을 학습하기 위해 사용된 원료의 물리화학적 특성과 안전 정보를 공개합니다.

다만, 이 자료에 포함된 정보는 교육 목적으로만 활용되어야 하며, 상업적 목적의 제품 제조 및 판매는 엄격히 금지됩니다.

화장품 제조업 허가를 취득한 자가 독립적으로 제품을 개발·판매할 경우, 다음을 반드시 준수해야 합니다:

- 신뢰할 수 있는 화장품 원료 전문 제조사로부터 원료를 직접 확보
- 해당 제조사로부터 최신 MSDS 및 시험성적서(CoA, 안정성 시험 등)를 개별 요청
- 식품의약품안전처 규정에 따른 원료 검증 및 제품 신고

이는 소비자 안전과 법적 책임을 보장하기 위한 필수 절차입니다.

Educational Material Notice

This document is provided by Darun Color Institute as an educational resource for our color science training programs. To support student learning in safe material handling practices, we disclose the physical, chemical, and safety characteristics of the raw materials used in our formulations.

However, all information contained in this material is strictly for educational purposes only. Any commercial use for product manufacturing or sales is strictly prohibited.

Should you obtain cosmetic manufacturing authorization and independently develop products for commercial purposes, you must:

- Source raw materials directly from reliable cosmetic ingredient manufacturers
- Request current MSDS and certificates of analysis (CoA) individually from the respective manufacturers
- Verify all raw materials and complete product registration in compliance with Korea Food and Drug Administration (KFDA) regulations

These procedures are mandatory requirements to ensure consumer safety and fulfill legal responsibilities.

Material Safety Data Sheet (MSDS)

1. Chemical Product and Company Identification

Item	Information
Product Name	Educational Matt Powder
Recommended Use	Cosmetic raw material
Means of Identification	Not available
Relevant identified uses	Not applicable

2. Hazards Identification

Category	Details
GHS Classification	Specific Target Organ Toxicity (Single Exposure) - Category 3 (Respiratory irritation) Specific Target Organ Toxicity (Repeated Exposure) - Category 2
Hazard Statements	H335: May cause respiratory irritation H373: May cause damage to organs through prolonged or repeated exposure
Precautionary Statements	P260: Do not breathe dust, fumes, gas, mist, vapors, spray P261: Avoid inhalation of dust, fumes, gas, mist, vapor, spray P271: Use only outdoors or in well-ventilated areas P304+P340: If inhaled: Move to fresh air and rest in comfortable position for breathing P312: Seek medical advice if you feel unwell P314: Seek medical advice/attention if you feel unwell P403+P233: Store in well-ventilated place. Keep container tightly closed P405: Store in locked storage P501: Dispose of contents/container according to regulations

3. Composition/Information on Ingredients

**Composition ratios are provided as approximate ranges for educational purposes*

Substance/mixture : Mixture

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs or vPvBs or have been assigned a workplace exposure limit and hence require reporting in this section.

4. First Aid Measures

Route of Exposure	First Aid Procedure
Eye Contact	Lift eyelids and rinse thoroughly with water for at least 15 minutes. Seek medical examination if symptoms develop.
Skin Contact	Wash with soap and water. Symptoms of skin disorders may persist.

	Wash contaminated clothing and shoes before reuse.
Inhalation	Remove from contaminated area and rest. Cough and other abnormal symptoms may occur. Seek immediate medical examination.
Ingestion	Rinse mouth with water. Do not induce vomiting. For large amounts, seek medical attention immediately.
Medical Attention	Medical personnel should be aware of substance exposure and take appropriate protective measures.

5. Fire-Fighting Measures

Item	Information
Suitable Extinguishing Media	Powder extinguishing agent, carbon dioxide, water, general foam
Unsuitable Media	No data available
Special Hazards	Avoid inhalation of substance or combustion products. Keep upwind and away from low-lying areas.
Protective Equipment	Move container from fire area if safe. Cool containers with water spray after extinguishing.

6. Accidental Release Measures

Action	Description
Prevention	Prevent dust formation and prevent scattering. Use full ventilation or local exhaust ventilation.
Environmental Protection	Prevent entry into waterways, sewers, basements, and confined spaces.
Cleanup Methods	For small spills: Transfer to appropriate container for future disposal. For large spills: Create barriers to prevent spreading. Cover powder spills with plastic sheet to prevent diffusion and keep dry.

7. Handling and Storage

Category	Requirements
Handling	Prevent dust formation and scattering. Use full or local exhaust ventilation. Wash thoroughly after handling.
Storage	Store in tightly closed container. Store in cool, dry, and well-ventilated place. Keep away from moisture.

8. Exposure Controls/Personal Protection

Control Type	Requirement
Exposure Limits	No data available
Engineering Controls	Install local exhaust ventilation and maintain appropriate control

	velocity. Verify that work processes meet labor standards and exposure limits.
Respiratory Protection	Wear KOSHA-certified respiratory protection appropriate for exposed particulate matter.
Eye Protection	Use safety goggles. Install emergency eyewash and shower facilities near work area.
Hand Protection	Wear chemical-resistant protective gloves to prevent direct contact.
Body Protection	Wear chemical-resistant protective clothing to prevent skin exposure.

9. Physical and Chemical Properties

Property	Value
Appearance	Solid (powder) - White color
Odor	No data available
Viscosity	No data available
pH (25°C)	5.0-8.0
Solubility	No data available
Specific Gravity	No data available

10. Stability and Reactivity

Item	Information
Chemical Stability	Stable at room temperature and normal pressure
Conditions to Avoid	Heat, sparks, flames and other ignition sources
Incompatible Materials	Oxidizing agents
Hazardous Decomposition	Irritating and toxic vapors and gases may be generated. No data available on decomposition products.

11. Toxicological Information

Effect	Description
Acute Toxicity	No data available
Skin Irritation	No data available
Eye Irritation	No data available
Respiratory Sensitization	No data available
Skin Sensitization	No data available
Carcinogenicity	No data available
Specific Target Organ Toxicity (Single Exposure)	May cause respiratory irritation
Specific Target Organ	May cause damage to organs through prolonged or repeated exposure

Toxicity (Repeated Exposure)	
Aspiration Hazard	No data available

12. Ecological Information

Category	Information
Fish Toxicity	No data available
Crustacean Toxicity	No data available
Bird Toxicity	No data available
Persistency and Degradability	No data available
Bio-condensability	No data available
Soil Mobility	No data available
Other Hazardous Effects	No data available

13. Disposal Considerations

Item	Information
Disposal Method	Dispose of contents and container according to Waste Management Act regulations
Precautions	Consider precautions specified in regulations when disposing

14. Transport Information

Item	Information
UN Number	No UN hazardous materials classification
Proper Shipping Name	Not applicable
Transport Hazard Class	Not applicable
Packing Group	Not applicable
Marine Pollutant	Not applicable

15. Regulatory Information

Item	Information
Regulatory Basis	Prepared in accordance with Korean Occupational Safety and Health Act and relevant regulations

16. Other Information

Item	Information
Disclaimer	The information in this document is based on accurate data. However, no guarantee is provided regarding the accuracy of results or values obtained when using this material for specific purposes or mixing with other substances. The company assumes no responsibility for any personal losses or property damage to buyers or third parties resulting from purchase or use of this product.
